#### Equipment requirements:

The sound equipment must be of good quality (Meyer, Martin, Apogee, Nexo or similar)  
The special music of Nass Marrakech needs as extra power on middle/bass frequencies to give the audience the right sound.

#### Minimum power admitted in closed venues:

number of people	watts
300	4000 W
500	6000 W
800	8000 W

Open air stages depend of the place.

#### The sound equipment must be composed of:

- 1 Front House mixing desk, Soundcraft or similar with a minimum of 24 channels
- 1 Monitor mixing desk, similar to above, with a minimum of 8 separate sends
- 1 PA System of good quality, (Meyer, Martin, Apogee, Nexo, or similar) of a minimum of 4000 W.
- 1 Monitor system, able to give clear and powerful sound on stage.
- 6 Monitor Wedges
- 2 Sidefills
- 2 Clark-Technics 1/3 Octave Equalizers for Front House
- 8 Clark-Technics 1/3 Octave Equalizers (one for each monitor send)
- 2 Reverb units Lexicon PCM80 (or similar) for Front Desk
- 1 Reverb units Lexicon PCM80 (or similar) for Monitors
- 2 Compressor-limiter channels
- 1 talk-back system for communication between Front Desk and stage

microphones as listed above (all mics in boom stand)  
appropriate connections for the equipment listed above
